Your new job. Your new way to make an impact.

Congratulations on your new role! You're now part of a workplace that cares deeply about both its people and our community. Your workplace has partnered United Way East Ontario to help make sure our neighbours and local families have the supports they need to thrive. As a new employee, you are now part of that support network.

Proven results from Workplace Giving

When caring employees like you chip in through their workplace campaigns, incredible things happen. Here is what your collective support made possible last year:

89,662
individuals received life-changing support.

100
programs provided essential community lifelines.

82
local agencies received direct strategic investment.

What your donation makes possible.

Small, manageable amounts through payroll deduction add up to make a major difference:

$10 per pay
covers transportation for a senior to access medical appointments and community programs.

$40 per pay
funds monthly health screenings, nutritional guidance, dementia awareness sessions, and wellness workshops for seniors.

$100 per pay
helps a young person facing homelessness fully furnish their first apartment.

Why give through United Way East Ontario?

Through a partnership with your workplace, United Way East Ontario invests in programs and services that address urgent needs while tackling the root causes of our region's most pressing challenges.

Basic needs & housing:
Helping families and youth stay housed and access food during unexpected crises.

Mental health care:
Ensuring fast access to effective and culturally appropriate counselling and emergency crisis resource supports.

Youth & senior programs:
Helping young people thrive after school and supporting older adults to stay connected to their communities.

Whatever your contribution to United Way, your gift stays 100% local, ensuring people struggling across Prescott-Russell, Ottawa, Lanark County, and Renfrew County get the help they need when they need it most.
